KinaBOOKasan, Project K's Book Donation Activity is one of the answer to address the strengthening of the basic education of Lipeño children.

Project K, in partnership with DLSL Integrated School LRC, Ms. Dinah Maravilla, Ms. Theresa Magsino, Ms. Efelyn Villanueva, and Ms. Shirley de Jesus, make the second book donation activity possible. Used textbooks to brand new dictionaries and Language and Reading English Workbooks are donated to serve as reference materials for our public school teachers and students from the six chosen elementary schools from the North District, East District, West District, and South of DepEd Division of Lipa.

Once more, the Office of the Vice Mayor joins us in this noble endeavor through the presence of its staff, Ms. Jenefer Jocson and Mr. Jhun Landicho.

The KinaBOOKasan activity is again a simple one just like the first, again a Multicab was hired to deliver the textbooks, storybooks and library supplies which started at 9:00 a.m. at the North District (San Lucas Elementary School and Sto. Toribio Elementary School). The East District comes next (San Jose Elementary School and Latag Elementary School). The afternoon is scheduled for the West District (Duhatan Elementary School and Halang Elementary School), being the farthest place for the activity.

The teachers from the six public schools received the donated textbooks, English Workbooks, dictionaries and library supplies thankfully.
