

**TANAUAN SCHOOL HEADS AND
TEACHERS' TRAINING IN TEACHING READING I**

Project K was invited by Synergeia Foundation to be the mentor of Tanauan for their project and to share experiences about establishing a reading project at Tanauan South Central School on May 2, 2005. Dr. Elenita B. Bathan, DepEd Division of Tanauan Officer-in-charge, and the reading experts shared with us (Project K and Synergeia Foundation) their knowledge about reading and their activities for the training of grade one teachers and school heads.

The training for the grade one teachers and school heads was held at the Tanauan South Central School last May 4-5, 2005. Dr. Corazon Abansi, Project K Executive Director, and Dr. Cristeto Pamplona, DepEd Division of Lipa Superintendent, were invited by Dr. Bathan to share experiences about Project K to challenge the teachers and school heads for the Tanauan's Reading Project. The latter accepted the challenge through lighting candles and singing "*One Little Candle*". The training ended with the giving of tokens to the guests and the awarding of certificates to the teachers and school heads.
