Consist of three parts. Part I deals with the provisions of and notes to the Corporation Code. Part II contains a topical presentation of the basic concepts of securities regulations. Part III presents portions of the Records of the Batasang Pambansa that reflect the discussion of the legislators on the provisions of the Corporation Code.
Discusses practically every aspect of the civil code provisions on succession. In appropriate cases, it gives numerous, easy-to-understand illustrations showing their application in specific situations. Legal rules or principles are not merely stated; whenever necessary to ensure full grasp of difficult provisions, the philosophy of the law or rationale of judicial pronouncements is also set forth or otherwise intimated in the discussion or in the example.

Combines both legal profession and legal ethics. It encompasses the full cycle of the legal profession commencing from the time a bar examinee files his petition to take the bar examinations to the time he becomes a full pledge member of the Philippine bar. It goes further and discusses how to become a good lawyer; the duties and responsibilities of a lawyer to his client, to the society, to the courts and to the legal profession and provides pointers on how to stay true to one's lawyer's oath.

Features Quick Key Outlining system for hitting the issues, focusing on the law, and scoring high with less writing; Model Paragraph system for "writing like a lawyer" - even though you don't know your conclusion when you start writing; 80 actual bar exam practice questions on the most frequently tested areas of law, including crucial state law subjects, with sample answers; and a review of how state bar examiners have graded actual essays - and real examples of the best and worst ways to respond to essay questions.

Provides law students guides to excel in law school and to pass the bar examination.
